

She **Dispatched** A Fire Crew To The **Wrong** Address,
Missed An Officer's Transmission,
And **Mistook** A Sick Diabetic For A **Drunk**.

Now what?

Fortunately, she was gaining valuable experience with '9-1-1 StarZ'

"Great product — the StarZ Simulator is as advertised. We are much more confident in our training results."

Alan Brown,
Training Officer,
Danville-Vermillion
County Comm Center

USES: Hiring, Evaluation, Documenting, Floor-ready training, Drills

Weston 9-1-1 said, *"It wasn't out of the box more than 20 minutes before we tried our first scenario. StarZ should be mandatory in all 9-1-1 Centers, you did an outstanding job!"*

WFJCC Comm Center used StarZ to save a person's career! The ultimate in 'documentation' as you record the call taking and dispatching work for evaluation and retraining. Use real calls, or use StarZ as your own recording studio for creating training mp3 files.

SERVING EMERGENCY COMMUNICATIONS '20' YEARS!
